Another
writer/researcher, Lis
Paludan of Denmark,

Online Library Crochet History

who limited her search for the origins of crochet to Europe, puts forth three interesting theories. One: Crochet originated in Arabia, spread eastward to Tibet and westward to Spain, from where it followed the Arab trade routes to other Mediterranean countries.

Online Library Crochet History

Research suggests that
crochet probably
developed most directly
from Chinese
needlework, a very
ancient form of
embroidery known in
Turkey, India, Persia
and North Africa, which
reached Europe in the
1700s and was referred
to as "tambouring,"
from the French
"tambour" or drum.
