The Pacific Crest Trail was designated as one of the first National Scenic Trails way back in 1968. As it traverses the "high road" from Mexico to Canada, incredible views are not only commonplace but also uniquely diverse, because the trail connects six of North America's seven eco-zones. The PCT's familiar, well-worn path is a special place for hikers from all walks of life on walks of all lengths and for all reasons. Instead of guiding you through the arduous task of hiking the entire PCT, the goal of this book is to help you plan trips that incorporate hiking on the PCT in Southern California, whether you have just an afternoon to spare or you want to escape for the entire weekend. Carefully edited maps and elevation graphs generated with GPS data collected by the author on the trail will help make your trip a success. This cargo-pocket guide offers author-tested advice to help you make the most of your time away from civilization, however long (or short) that stretch may be.

The Pacific Crest National Scenic Trail (PCT) traces a 2,650-mile route from the California-Mexico border north to the border of Washington and Canada. While many hikers attempt a "thru-hike" every year, beginning in Campo, California and connecting their footsteps all the way to Manning Park, B.C., even more people enjoy "section hiking" — tackling the trail in bits and pieces. This guidebook serves as a road map to section hiking the Southern California portion of the PCT, beginning at its southern terminus in Campo and ending 942.5 miles north at Tuolumne Meadows in Yosemite National Park. From the magical cactus gardens of the Mojave Desert to the snowy peaks of the High Sierra, this book covers one of the most biologically and geologically diverse portions of the PCT. Author Shawnté Salabert serves as your personal trail guide along the way, offering informative route descriptions, interesting sidebars, and colorful stories that will deepen your experience on this iconic trail, whether you're headed out for a weekend, a week, or a month. Each volume of this new series focuses on section-by-section pieces of the PCT and includes the following features:

- Inspirational full-color guides with over 150 color photographs in each
- Trail sections of 4- to 10-night trips
- Detailed camp-to-camp route descriptions
- Easy-to-understand route maps and elevation profiles
- Details on specific campsites and most-reliable water sources
- Road access to and from various trail sections
- Info on permits, hazards, restrictions, and more
- Alternate routes and connecting trails
- Clear references to the PCT's established system of section letters, designating trail segments from Mexico to Canada—so you can easily cross-reference the guides with other PCT resources
- Key wilderness sights along the way
- Suggested itineraries

□ Inspirational full-color guides with over 150 color photographs in each *Hiking the Pacific Crest Trail: Washington* is written by Tami Asars. Tami grew up in western Washington playing in the North Cascades. She teaches classes on backpacking basics, lightweight backpacking, and more. A former employee of REI, she now dedicates her time to outdoor writing and photography and is the author of two guidebooks, including *Hiking the Wonderland Trail*. Tami lives in the Cascade foothills with her husband, Vilnis, and their rough collie, Scout. She can be found at www.tamiasars.com and www.hikingthewonderlandtrail.com. The Pacific Crest National Scenic Trail (PCT) meanders from the California-Mexico border north to the border of Washington and Canada. It's a rigorous trail, first envisioned in 1926 and now encompassing some 2,650 miles. Each volume of this new series focuses on section-by-section pieces of the PCT and includes the following features: □ Trail sections of 4- to 10-night trips □ Detailed camp-to-camp route descriptions □ Easy-to-understand route maps and elevation profiles □ Details on specific campsites and most-reliable water sources □ Road access to and from various trail sections □ Info on permits, hazards, restrictions, and more □ Alternate routes and connecting trails □ Clear references to the PCT's established system of section letters, designating trail segments from Mexico to Canada—so you can easily cross-reference the guides with other PCT resources □ Key wilderness sights along the way □ Suggested itineraries

The Pacific Crest Trail (PCT) winds for 460 miles along the crest of the Cascade Mountains in Oregon. From a high of 7,300 feet above sea level to a low of 200 feet, it traverses deep forest and mountain meadows, crosses whitewater streams and high-country vistas, and visits countless lakes, including Crater Lake, one of the wonders of the United States. Despite its reputation as a hardcore wilderness experience, the PCT is within a few hours of more than 90 percent of Oregon's population, and has

many sections suitable for families with children and hikers of all abilities. This guide includes 17 day hikes and nine overnight hikes, each rated for scenery, difficulty, trail condition, solitude, and accessibility for children. Also included with each trail description are directions to the trailhead and GPS-based trail maps and elevation profiles.

This pocket-sized gift and souvenir photo book captures the beauty of America's quintessential wilderness hiking trail. From desert California to the Washington-Canada border, the compelling photography of Bart Smith brings the entire 2,650-mile trail to life. This beautifully illustrated book, officially published with the Pacific Crest Trail Association in a pocket-sized gift and souvenir format, highlights this legendary footpath with more than 170 spectacular contemporary images taken by the foremost hiking photographer in America. Readers can experience the trail as if their boots were on the path--passing by the trail blazes, taking in the surrounding wilderness at scenic overlooks, meeting other hikers at lean-tos or shelters, and freezing at the sight of bear, elk, or other majestic wildlife. Designated as one of the first two national scenic trails in 1968, the Pacific Crest Trail is a continuous footpath of more than 2,650 miles--from the Mexican to the Canadian border. It is often called the "wilderness trail" because roughly half of it runs through federal wilderness--25 national forests, six national parks, five state parks, three national monuments, and 48 federal wilderness areas. The trail symbolizes everything there is to love--and protect--in the western United States. This book is perfect for anyone interested in conservation, outdoor recreation, or American history, or for those who dream of one day becoming thru-hikers themselves.

Instead of guiding travelers through the arduous task of hiking the entire PCT, the goal of this book is to

help plan trips that incorporate hiking on the PCT in Northern California, whether hikers have just an afternoon to spare or want to escape for the entire weekend. The author's hike choices most often include the opportunity for a wilderness swim or a summit hike to take in outstanding views. Maps and elevation graphs were carefully produced using GPS data collected by the author while out on the trail.

□ Inspirational full-color guides with over 150 color photographs in each *Hiking the Pacific Crest Trail: Oregon* is written by Eli Boschetto. A hiker, writer, and photographer, Eli reveled in going deep for Oregon! Since 2011, he has been the editor of *Washington Trails* magazine, which he manages from his home in Portland, Oregon. Eli is also a regional correspondent for *Backpacker* magazine. The Pacific Crest National Scenic Trail (PCT) meanders from the California-Mexico border north to the border of Washington and Canada. It's a rigorous trail, first envisioned in 1926 and now encompassing some 2,650 miles.
