United Kingdom - United Kingdom - British society by the mid-18th century: From the Hanoverian succession to the mid-18th century the texture and quality of life in Britain changed considerably but by no means evenly. Change was far more pronounced in the towns than in the countryside and among the prosperous than among the poor. The latter category was still very large; in the late 1750s an ...

English society comprises the group behaviour of the English people, and of collective social interactions, organisation and political attitudes in England. The social history of England evidences many social and societal changes over the history of England, from Anglo-Saxon England to the contemporary forces upon the Western world. These major social changes have both internally and in its relationship with other nations.

Latter definition: Latter is also an adjective. It is the opposite of former; it means the second in a list of two things. For example, Aveline went steady with the quarterback her junior year and the punter her senior year, and she married the latter athlete. Like former, latter is also an absolute adjective, and it can function as a noun in ...

"The ton" is a term commonly used to refer to Britain's high society during the late Regency and the reign of George IV, and later. It is a French word meaning "manners" or "style" and is pronounced as in French. The full phrase is le bon ton meaning etiquette, "good manners" or "good form" – characteristics held as ideal by the British beau monde. The term le beau monde, literally meaning "the beautiful crowd", was similar to le bon ton during the nineteenth century. "The ton" has also ...

Chapter 3: The English Come to Stay, 1600-1660 Overview The English arrive in North America to stay. Given their experiences at Roanoke (chapter two) their permanence on the continent was anything but a sure bet and their early experiences at Jamestown did not indicate a bright and long future. Jamestown was founded through a joint stock company.
