Textbook of Critical

Page 45/60

Online Library House Officers

Care addresses all aspects of adult intensive care management.

Taking a unique problem-orientated approach, this is a key resource for clinical issues in the intensive care unit.

What do you do
when you have to

Online Library House Officers

Choose between
saving a life or
saving yourself?

Renowned cardiac
surgeon Dr. Athan
Carras's first
concern has always
been the welfare of
his patients. Then
he's approached by
the very wealthy
and even more
powerful Terry
Flynn—a man who

Online Library House Officers

is used to getting
what he wants, no
matter what.

Flynnt's son is
dying, and his only
chance of survival
is to receive a
donor heart—one
that Terry intends
to obtain by
whatever means
necessary. Athan is
immediately
opposed to

Online Library House Officers

performing an illegal and immoral operation, but Flynn is not about to let that stop him. Now, caught in the crosshairs of a man with unlimited means and influence, Athan finds his own life—and the lives of those he loves—being torn

Online Library House Officers

apart. And he will have to decide how far he's willing to go, and what he is willing to sacrifice...

Here, two of the foremost cardiothoracic surgeons have brought together many of the top cardiologists and

Online Library House Officers

haematologists to produce the most current reference source on all aspects of blood conservation, from an overall clinical approach to the use of erythropoietin and the benefits of post-operative blood salvage. The subject matter

Online Library House Officers

Covers numerous areas involved in the preoperative considerations in cardiac surgery, the intraoperative decision-making in cardiac surgery, postoperative bleeding and management and a section on the algorithm for bloodless surgery

Online Library House Officers

used at the New
York Hospital-
Cornell Medical
Center.

Of Management

A well-known
cardiac surgeon
shares his

experiences in
treating some of
his most
memorable
patients and
describes the

Online Library House Officers

Courage and
resiliency that they
displayed in facing
health challenges
and sometimes
overwhelming
odds.

And Lungs

This is the premier
evidence-based
textbook in critical
care medicine. The
Third Edition
features updated

Online Library House Officers

and revised chapters,
numerous new references,
streamlined content, and new chapters on key topics such as the new paradigm in critical care medicine, cardiac output monitoring, surgical optimization, vital

Online Library House Officers

signs, and arterial blood gas analysis. The book maintains the author's trademark humor and engaging writing style and is suitable for a broad and diverse audience of medical students, residents, fellows, physicians, nurses, and respiratory

Online Library House Officers

therapists who seek the latest and best evidence in critical care. From reviews of previous editions: "This is an excellent introduction to the concept of evidence-based medicine...The writing is clear, logical, and highly organized, which

Online Library House Officers

Guides To
Care
Fundamentals
Of Management
Of The Heart
And Lungs

makes for fast and enjoyable reading. I believe this book will get daily use in most intensive care units, by a wide range of readers."

-Respiratory Care
"This is one of the most comprehensive handbooks on critical care medicine with a

Online Library House Officers

strong emphasis on
evidence

base...Overall, this
book should be

useful for junior
doctors or

intensive care
trainees who are

starting their term
in an intensive care

unit." -Anaesthesia
and Intensive Care
