A study of three high-profile Italian murder cases, how they were covered by the media, and what it all says about Italian culture. Providing detailed descriptions of each murder, investigation, and court case, Ellen Nerenberg addresses the perception of lawlessness in Italy, the country ' s geography of crime, and the generalized fear for public safety among the Italian population. In the nonfiction tradition of John Berendt and Erik Larson, the author of the #1 NYT bestseller The Lost City of the Monkey God presents a gripping account of crime and punishment in the lush hills surrounding Florence as he seeks to uncover one of the most infamous figures in Italian history. In 2000, Douglas Preston fulfilled a dream to move his family to Italy. Then he discovered that the olive grove in front of their 14th century farmhouse had been the scene of the most infamous double-murders in Italian history, committed by a serial killer known as the Monster of Florence. Preston, intrigued, meets Italian investigative journalist Mario Spezi to learn more. This is the true story of their search for—and identification of—the man they believe committed the crimes, and their chilling interview with him. And then, in a strange twist of fate, Preston and Spezi themselves become targets of the police investigation. Preston has his phone tapped, is interrogated, and told to leave the country. Spezi fares worse: he is thrown into Italy's grim Capanne prison, accused of being the Monster of Florence himself. Like one of Preston's thrillers, The Monster of Florence, tells a remarkable and harrowing story involving murder, mutilation, and suicide—and at the center of it, Preston and Spezi, caught in a bizarre prosecutorial vendetta.

Recounts the highly publicized trial of Amanda Knox, drawing on interviews and complete case files to assess the true story and media sensation surrounding the 2007 murder of her roommate and the arrests of Knox and Raffaele Sollecito.

These new essays comprise a critical analysis of present-day crime fiction and nonfiction works set in Italy (all of which are available in English). The writers discussed range from Donna Leon and Michael Dibdin to Leonardo Sciascia and Andrea Camilleri. Essays also deal with nonfiction by Roberto Saviano and Douglas Preston. An emerging theme is the corruption of Italian police and judiciary officials and the frustration of officers and politicians trying to work ethically within a flawed system. Many of the works discussed show the struggle of the honest characters to find at least a limited justice for the victims.

When a young mother who had delivered a new baby the day before is found dead and accusations fly between the girl's Irish mother and her Italian in-laws, midwife Sarah Brandt joins with Detective Sergeant Frank Malloy to unravel the truth. Reprint.

This invaluable collection explores the many faces of murder, and its cultural presences, across the Italian peninsula between 1350 and 1650. These shape the content in different ways: the faces of homicide range from the ordinary to the sensational, from the professional to the accidental, from the domestic to the public; while the cultural presence of homicide is revealed through new studies of sculpture, paintings, and popular literature. Dealing with a range of murders, and informed by the latest criminological research on homicide, it brings together new research by an international team of specialists on a broad range of themes: different kinds of killers (by gender, occupation, and situation); different kinds of victim (by ethnicity, gender, and status); and different kinds of evidence (legal, judicial, literary, and pictorial). It will be an indispensable resource for students of Renaissance Italy, late medieval/early modern crime and violence, and homicide studies.

A semiautobiographical coming-of-age story, framed by the harrowing 1975 Circeo massacre Edoardo Albinati ' s The Catholic School, the winner of Italy ' s most prestigious award, The Strega Prize, is a powerful investigation of the heart and soul of contemporary Italy. Three well-off young men—former students at Rome ' s prestigious all-boys Catholic high school San Leone Magno—brutally tortured, raped, and murdered two young women in 1975. The event, which came to be known as the Circeo massacre, shocked and captivated the country, exposing the violence and dark underbelly of the upper middle class at a moment when the traditional structures of family and religion were seen as under threat. It is this environment, the halls of San Leone Magno in the late 1960s and the 1970s, that Edoardo Albinati takes as his subject. His experience at the school, reflections on his adolescence, and thoughts on the forces that produced contemporary Italy are painstakingly and thoughtfully rendered, producing a remarkable blend of memoir, coming-of-age novel, and true-crime story. Along with indelible portraits of his teachers and fellow classmates—the charming Arbus, the literature teacher Cosmos, and his only Fascist friend, Max—Albinati also gives us his nuanced reflections on the legacy of abuse, the Italian bourgeoisie, and the relationship between sex, violence, and masculinity.

A History of Italian Cinema, 2nd edition is the much anticipated update from the author of the bestselling Italian Cinema - which has been published in four landmark editions and will celebrate its 35th anniversary in 2018. Building upon decades of research, Peter Bondanella and Federico Pacchioni reorganize the current History in order to keep the book fresh and responsive not only to the actual films being created in Italy in the twenty-first century but also to the rapidly changing priorities of Italian film studies and film scholars. The new edition brings the definitive history of the subject, from the birth of cinema to the present day, up to date with a revised filmography as well as more focused attention on the melodrama, the crime film, and the historical drama. The book is expanded to include a new generation of directors as well as to highlight themes such as gender issues, immigration, and media politics. Accessible, comprehensive, and heavily illustrated throughout, this is an essential purchase for any fan of Italian film.

Amanda Knox spent four years in a foreign prison for a crime she did not commit, as seen in the Netflix documentary Amanda Knox. In the fall of 2007, the 20-year-old college coed left Seattle to study abroad in Italy, but her life was shattered when her roommate was murdered in their apartment. After a controversial trial, Amanda was convicted and imprisoned. But in 2011, an appeals court overturned the decision and vacated the murder charge. Free at last, she returned home to the U.S., where she has remained silent, until now. Filled with details first recorded in the journals Knox kept while in Italy, Waiting to Be Heard is a remarkable story of innocence, resilience, and courage, and of one young woman ' s hard-fought battle to overcome injustice and win the freedom she deserved. With intelligence, grace, and candor, Amanda Knox tells the full story of her harrowing ordeal in Italy—a labyrinthine nightmare of crime and punishment, innocence and vindication—and of the unwavering support of family and friends who tirelessly worked to help her win her freedom. Waiting to Be Heard includes 24 pages of color photographs.
