Functional theory stresses the functions that education serves in fulfilling a society's various needs. Perhaps the most important function of education is socialization. If children need to learn the norms, values, and skills they need to function in society, then education is a primary vehicle for such learning.

how public institutions and individual experiences affect education and its outcomes. It is mostly concerned with the public schooling systems of modern industrial societies, including the expansion of higher, further, adult, and continuing education. Education is seen as a fundamentally optimistic human endeavour characterised by aspirations for progress and betterment. It is understood by many to be a means of overcoming handicaps, achieving greater e

~~Sociology of education – Wikipedia~~

“Sociology is the systematic study of human society and social interaction. It is a systematic study because sociologists apply both theoretical perspectives and research methods (or orderly approaches) to examinations of social behavior ”
(Kendall 2006:2).
